

There's nothing to do around here.
I am so bored.
My friends are no fun.
There is no place to go.
Where do you expect me to meet friends.
Nothing exciting ever happens in my life.
I've already done that.
My life is a drag.

Kids who try Meth try to tell you first.

Never underestimate the power of boredom. It is why the drug meth has become one of the most dangerous drug problems in America. To learn more about the effects of this powerfully addictive drug, you can visit us at www.drugfree.org/meth. And start listening to what your kids are really trying to tell you.
